**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been with Sonic.net since dial up off and on for the big companies made it hard on them and their consumers. Have been with Comcast and AT&T and been put threw the ringer with them raising prices when they want with being ignored as a consumer. When I call Sonic I get a human and my concerns are dealt with. They are local and the money stays local that I spend for their service. Feel much better being with Sonic than I did with the big companies. Never had any complaints since the new fiber optics cable from them. With all the inflation now days I sure don't need a price hike especially at my age. Please don't take my company away.
